The teller that never goes home is giving away free money.

We have a new teller that never goes home.

The teller's name is PLUS/24. It's an automated teller and pretty soon it will be located outside the bank so you can get to it even when we're closed.

But right now, PLUS/24 is inside the bank and it's giving away money.

PLUS/24 is a talented machine. It lets you make deposits, make payments on your loan or mortgage, or add to a club account.

You can even make withdrawals anytime you want. Withdraw up to \$100 a day, any day — even on holidays.

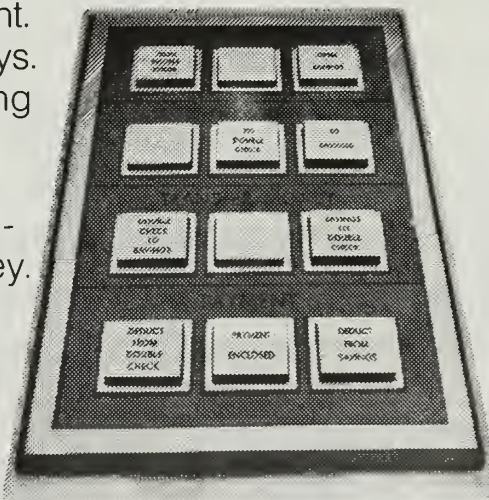

Because PLUS/24 is such a new thing we're giving special PLUS/24 lessons.

We've set the machine up inside the bank and we'll leave it there for a while so we can give you demonstrations, and so the machine can give you money.

When you try out PLUS/24 you'll be making surprise withdrawals. But you'll be withdrawing our money. From 25c to \$10.

Come to Plymouth Savings and meet PLUS/24, the teller that never goes home.

Mattapoisett Seniors

The Seniors of Mattapoisett have had
an eventful month. The enjoyable trip and
happy day on Wednesday, October 23rd,
was sponsored by and the transportation
was paid by the Mattapoisett Council on
Aging.

There were two bus loads. Number 1 bus
had Mrs. Gloria Rounds as hostess. Num-
ber 2 bus had Mrs. Sophie Sterling as host-
ess. Even the weather man cooperated with
a beautiful day. The trip included a pleasant
drive to the center of Hyannis, a visit to a
candy factory before arriving at the Holiday
Inn for a delicious smorgasbord.

Then an unexpected art exhibit and display
in the lobby of the mall. It was the open-
ing day of the art show. After shopping and
browsing at the mall the group boarded the
motor coaches and continued on through our
own Plymouth County's scenic roads and

foliage tour full of Mother Nature's beauti-
ful colors with blue skies above and the sea
around us.

At Plymouth many walked around the wharf,
making sure that the rock, Mayflower and
Chief Massasoit were still there, while
others climbed the steep stairs to the Wax
Museum which is always a delight to relive
that historic period.

So another page in the book of happy
memories.

HAWAIIAN TRIP

The Mattapoisett Seniors returned from "Paradise", bedecked with leis, necklaces and trophies that would be the envy of cannibals and head hunters. Hawaii and all the neighboring islands are really and truly a magic land of the Rainbow. The invisible pot of gold is there with something more valuable than gold. Something indescribable flows from it that heals, cures everything, aches, pains, worries, cares and especially insomnia. These become things of the past and from then on you lead a charmed and happy existence.

Every island has its special beauty. Imagine sitting on the top of an active

COUPLES CLUB HAYRIDE

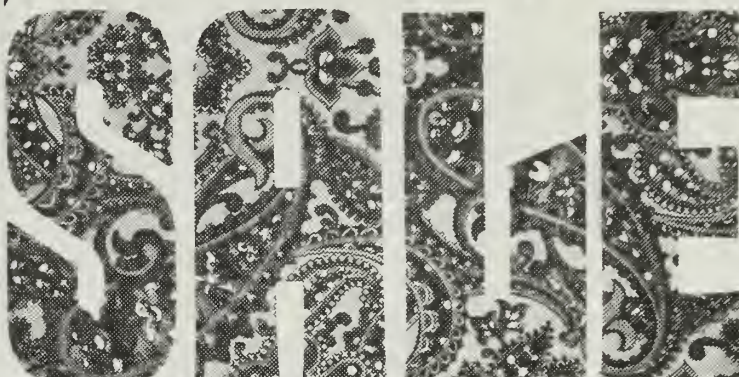

An evening of fun and laughter was enjoyed by those attending the hayride and barn dance of St. Anthony's Church Couples Club. A wagon full of spirited couples sang throughout the journey to Acushnet. A big vote of thanks goes to the committee consisting of Sandy and Kevin Dawson, chairmen; Joe and Clair Flynn and Dan and Marilyn Lee.

RECYCLING CENTER TO OPEN SOON

Good people of Mattapoisett, begin now to save and bundle your old newspapers and magazines! Rinse out and put aside your empty white glass jars and no-return white glass bottles! The Committee for Recycling will soon open a collection center on the A & P parking lot. This center should operate and be self-supporting from the beginning, with money from the proceeds used to expand, until all sorts of secondary materials can be utilized. Some towns in Massachusetts operate money-making facilities.

"Who are the Committee for Recycling?" you may be asking. It is a loosely organized group which was started about a year ago when a few women, concerned about waste

and pollution, went before the Board of Health to see about a facility for recycling here in Mattapoisett. With hearty encouragement from the Board, but no financial help, they set to work. First, they conducted a telephone survey of every fifth subscriber in the directory to find out if the townspeople desired and would use such a collection center. The results were 89% in the affirmative! Then they began interviewing secondary materials dealers, as well as town officials, and looking for the very important central, convenient location. They also had to raise some money for the necessary containers.

After much work and many setbacks, these dauntless women have accomplished what they set out to do: make at least a small beginning. The A & P has generously given permission for the use of their parking lot. Right now, Louis Corey and his occupational education class at Old Rochester Regional High School are constructing the required containers. The Woman's Club has donated the sum of seventy-five dollars to purchase materials such as lumber, but some more money will be needed. If any other public-spirited organization or citizen has money to spare for this worthy purpose, please contact the chairwoman, Judy

Riley, at 4551. The Committee also needs more members of all ages with ideas and other helpful ways and skills such as sign painting, for instance.

Enthusiastic encouragement has come from many sources - the Board of Health, the Woman's Club, the Republican Club, the League of Women Voters, the Conservation Commission, and many more. You will be kept posted on weekly progress here in the Presto Press. In the meantime, get ready to make this a great success for the Town of Matta-

solutions passed at the Continental Congress in April - support for return of prayer to our public schools, and that we not forget the 578 Korean and 1,088 Vietnam American servicemen still in POW camps.

It was voted to send donations to five schools which the DAR supports, and to send a check for \$50. to Donald Bernard as a sponsor of his forthcoming book, *The Tower of Strength*, which will come out at the May Bicentennial celebration at Fort Phoenix, the 200th anniversary of the First Naval Battle of the American Revolution. Fort Phoenix DAR donates this as their Bicentennial contribution. This book will be of great interest to all wishing to know more about the early history of this area during the Revolution, as well as facts about those who served from our towns. As Mr. Bernard says, he needs 500 sponsors who will receive a personally autographed numbered copy of the book. It is being printed by Reynolds-DeWalt and is a hard bound book of 203 pages with several photographs.

A Memorial Service was held for Mrs. Frank Balton.

take the EKG of a patient in 14 seconds by utilizing a built-in three channel phase, incorporates the newest innovations in such equipment. The electrocardiogram also contains telephone terminals which, by means of telimentry, can be connected to teaching hospitals in Boston. In this way, Tobey physicians will be able to enlist the services of cardiac consultants in the metropolitan area immediately if necessary.

This donation, approved for Tobey by the Hospital Allocations Committee of the A.H.A., was made possible by the generous support of the area residents to the annual Heart Fund Drives, through Heart Fund Memorial gifts, and in support of special fund-raising events. The Allocations Committee hopes that this Direct Writing Electrocardiogram, the first to be located in the Chapter Area, will serve as a pilot project enabling other hospitals to benefit from Tobey's experience.

Representing Tobey Hospital in the Cape and Islands Chapter are Drs. Larry Seidl and John Howard on the Board of Directors. John Kelenosy, Chief Technologist, serves on the Executive Committee and is co-chairman for the 1974-1975 drive.

competition in the recent 12th International Exhibition of Nature Photography, a biennial event sponsored by the Massachusetts Audubon Society. The local presentation is being made under the auspices of the Children's Museum of Dartmouth, to which Audubon is providing the program on a no-fee basis to help the museum's current development plans. Net proceeds will directly benefit the local educational facility. The 90-minute show will start at 7:30 P.M.

Hundreds of natural history subjects are included in the exhibition, ranging from magnificent panoramas to a 6-foot image of a sand flea; from an exotic fruit bat feeding in flight while her baby clings to her abdomen, to the commonplace of a drop of water, this particular one revealing, via microscope, the fantasy of light refraction. The variety reflects the worldwide scope of the competition. The Audubon Nature Salon is regarded by many naturalists as the finest assemblage of natural history photography in the world today.

dignity of all men and all women.

At work in 83 countries throughout the globe, the Young Women's Christian Association is the largest member of organization of women in the world. Since its inception over 100 years ago, the YW has been at work to improve the quality of life for women and their families. The YWCA pioneered against job discrimination, has been concerned about equal housing and education, and has committed its membership to the "elimination of racism" by any means necessary.

New Bedford YWCA at 66 Spring Street invites all women and girls to visit and inquire what classes, clubs and interest groups are available. Membership is open to any woman or girl who wishes to be related to the YW to participate in program, to serve as a leader, to further the YWCA purpose or support the YWCA program.

Men and boys who participate are called YWCA Associates and pay dues.

Mrs. Mary H. Wahlrab, Executive Director,

Bristol County Development Council, Inc., Fall River, will speak on "The American Trail" at Wednesday's Weekly Luncheon, November 13. The public is invited.

The American Trail is a 119-mile stretch from Mystic, Connecticut, to Plymouth, Massachusetts, that encompasses 350 years of history at 51 different attractions. There are 13 major attractions at six stops along the trail, and 38 other suggested side trips along the route and beyond the end of the trail.

New Bedford is one of the major stops for the Whaling Museum and Seamen's Bethel.

Mrs. Wahlrab will present this stirring bicentennial project at 12:15 P.M. The emphasis all along the trail is on attractions where history is recreated in one way or another.

Art exhibit in the lobby for November and December will be oil paintings by Olinda D. Tavares, a graduate of Mayer School of Fashion Design, New York City, and owner and curator of Fair-Haven Doll Museum.

Mrs. Tavares has shown her works of art at the Millicent Library, Southworth Library, St. Luke's Hospital Gallery, Lynn Kottler Galleries in New York and Paris. Also, at The Osceola Arts Festival, Kissemmee, Florida. Included among the paintings in the exhibit will be a 24 x 36 inch oil of New Bedford Harbor. All the pictures are framed water scenes, some done with brush and knife, and are new paintings.

Mrs. Tavares of Fairhaven is the wife of Ernest Tavares and a native of the town. She studied at the Swain School and with Louis Sylvia and Walter Owen of New Bedford.
